Hi Robert,

We have been contacted again by Mr. Patterson. I am working with DTSC to respond to his inquiries (see attached). They may contact you also, but I wanted you to be aware that he has sent us copies of the letters he received from ATSDR referring him to the UCSF medical clinic among other information. I understand that since this email in early 2016 regarding Mr. Patterson that ATSDR denied the petition request, but I not sure if he has this information.

I was wondering if there is any documentation to indicate anyone came to the clinics and what the results were? Has a copy of the petition denial been sent to Mr. Patterson, and are you hearing from him again? Thanks!

Thank you!

Subject: RE: Treasure Island Naval Station

Nadia:

The ATSDR R9 office has responded to many calls (maybe a 100) from Mr. Patterson and the residents of Treasure Island.

We have provided information to Mr. Patterson and the other Treasure Islands residents on how to contact the UCSF Occupational Health Clinic to discuss individual health concerns. We coordinated with the UCSF Clinic to make sure they would be able to talk with individuals and they have communicated with some concerned residents. In addition, we provided information on how to petition ATSDR to be involved at Treasure Island. ATSDR HQ is evaluating that petition to determine whether there is a response action the agency could take that might address community concerns. This may take some time.

Ms. Libby Vianu (in our office) spoke to Mr. Patterson as recent as yesterday.

There is not much else we can offer at this time.

Thanks.

-Robert
